

# WELCOME TO MEXICO!

# STATE OF THE MAP LATAM 2026 | CDMX, MÉXICO

The OpenStreetMap Mexico and LATAM teams are excited to announce the 8th State of the Map Latam Conference! This year's event will be taking place in the heart of Mexico City where ancient Mexico meets modernity. Our stellar venue is the Colegio de San Ildefonso part of the UNAM (National Autonomous University of Mexico). This event which has been taking place around Latin America will bring together communities, mapping enthusiasts, humanitarian organizations, multilateral organizations, government agencies, academia and the Geospatial and Technology sectors to learn about the endless possibilities of Open Mapping and innovation in the age of AI while not forgetting of the value of data representativity and local mapping communities.

We invite you to be part of the sponsors who are shaping the future of mapping and the geospatial industry. Your support and attendance will make this conference an incredible event.

## SEE YOU IN MEXICO CITY!

*State of the Map Latam - CDMX, México 2026*  
Organization Team

\***State of the Map Latam** is a conference organized and led by mapping enthusiasts and volunteers from the OpenStreetMap movement

\***OpenStreetMap** is the largest Geospatial Open Database created by millions of people around the world, It currently supports companies, citizens, governments, academia and others to create the free and open map of the world.

# QUICK HISTORY ABOUT SOTM LATAM:

Following the Global and US State of the Map conferences, Latam community members convened to launch their first regional event in Santiago de Chile in 2015.

This pivotal gathering marked the beginning of a journey, opening the door to a long series of enriching and successful meetings.

## BECOME A SPONSOR

Attendance at State of the Map Latam has grown year after year. 2026 marks 11 years after the first event took place in Chile. With this year's accessible destination being Mexico City and the timing aligning closely with the Mexican Day of the Dead celebrations, we want to bring more attendees not only from Latam but also from other regions interested in the growth of the Latam Mapping and Geospatial ecosystem.

Thanks to your sponsorship you can be part and support the largest Open Mapping gathering in Mexico and the Latam region!

## EVERY BIT COUNTS!

Who had supported  
**OPENSTREEMAP** and **STATE OF THE MAP**  
in previous events?

Companies & Organizations:

TomTom | META | Microsoft | ESRI | OVERTURE Foundation

Academia & Government Agencies:

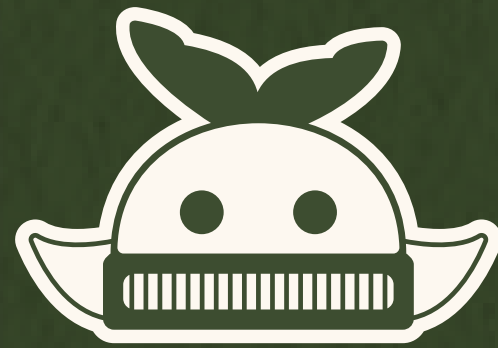

UNAM | UAEM
